

**U.S. PRODUCERS' QUESTIONNAIRE**

**SMALL DIAMETER GRAPHITE ELECTRODES FROM CHINA**

**This questionnaire must be received by the Commission by no later than November 5, 2008**

*See page 4 of the Instruction Booklet for filing instructions.*

The information called for in this questionnaire is for use by the United States International Trade Commission in connection with its antidumping investigation concerning small diameter graphite electrodes from China (Inv. No. 731-TA-1143 (Final)). The information requested in the questionnaire is requested under the authority of the Tariff Act of 1930, title VII. This report is mandatory and failure to reply as directed can result in a subpoena or other order to compel the submission of records or information in your possession (19 U.S.C. § 1333(a)).

**CERTIFICATION**

*I certify that the information herein supplied in response to this questionnaire is complete and correct to the best of my knowledge and belief and understand that the information submitted is subject to audit and verification by the Commission.*

*By means of this certification I also grant consent for the Commission, and its employees and contract personnel, to use the information provided in this questionnaire and throughout this investigation in any other import-injury investigations conducted by the Commission on the same or similar merchandise.*

*I acknowledge that information submitted in this questionnaire response and throughout this investigation may be used by the Commission, its employees, and contract personnel who are acting in the capacity of Commission employees, for developing or maintaining the records of this investigation or related proceedings for which this information is submitted, or in internal audits and investigations relating to the programs and operations of the Commission pursuant to 5 U.S.C. Appendix 3. I understand that all contract personnel will sign non-disclosure agreements.*

**PART I.—GENERAL INFORMATION**

The questions in this questionnaire have been reviewed with market participants to ensure that issues of concern are adequately addressed and that data requests are sufficient, meaningful, and as limited as possible. Public reporting burden for this questionnaire is estimated to average 50 hours per response, including the time for reviewing instructions, searching existing data sources, gathering the data needed, and completing and reviewing the questionnaire. Send comments regarding the accuracy of this burden estimate or any other aspect of this collection of information, including suggestions for reducing the burden, to the Office of Investigations, U.S. International Trade Commission, 500 E Street, SW, Washington, DC 20436.

I-1a. Please report below the actual number of hours required and the cost to your firm of preparing the reply to this questionnaire and completing the form.

\_\_\_\_\_hours \_\_\_\_\_dollars

I-1b. We are interested in any comments you may have for improving this questionnaire in general or the clarity of specific questions. Please attach such comments to your response or send them to the above address.

I-2. Provide the name and address of establishment(s) covered by this questionnaire (see page 3 of the instruction booklet for reporting guidelines). If your firm is publicly traded, please specify the stock exchange and trading symbol.

**PART II.--TRADE AND RELATED INFORMATION**

Further information on this part of the questionnaire can be obtained from Fred Ruggles (202-205-3187, [fred.ruggles@usitc.gov](mailto:fred.ruggles@usitc.gov)). **Supply all data requested on a calendar-year basis.**

II-1. Who should be contacted regarding the requested trade and related information?

Company contact: \_\_\_\_\_  
Name and title

( ) \_\_\_\_\_  
Phone number E-mail address

II-2. Has your firm experienced any plant openings, relocations, expansions, acquisitions, consolidations, closures, or prolonged shutdowns because of strikes or equipment failure; curtailment of production because of shortages of materials; or any other change in the character of your operations or organization relating to the production of small diameter graphite electrodes or large diameter graphite electrodes since January 1, 2005?

No       Yes--Supply details as to the time, nature, and significance of such changes.

**PART II.--TRADE AND RELATED INFORMATION--Continued**

II-3b. If your firm does not, can or could your firm produce other products (e.g., large diameter graphite electrodes) on the same equipment and machinery used in the production of small diameter graphite electrodes?

- No—please describe why not.                       Yes--List the products and why you do not produce these products.

---

---

---

II-4. Please describe the constraint(s) that set the limit(s) on your production capacity and your ability to shift production capacity between products.

---

---

---

II-5. What type of furnace (e.g., Acheson-type or LWG) is used in your production of small diameter graphite electrodes?

---

II-6. Does your firm produce other products using the same production and related workers employed to produce small diameter graphite electrodes?

- No                       Yes--List the following information.

Basis for allocation of capacity data (e.g., sales): \_\_\_\_\_

Products produced using the same workers and share of total production in 2007 (in percent):

**PART II.--TRADE AND RELATED INFORMATION--Continued**

II-7. Since January 1, 2005, has your firm been involved in a toll agreement (see definition in the instruction booklet) regarding the production of small diameter graphite electrodes?

No             Yes--Name firm(s): \_\_\_\_\_.

II-8. Does your firm produce small diameter graphite electrodes in a foreign trade zone (FTZ)?

No             Yes--Identify FTZ(s): \_\_\_\_\_.

II-9. Since January 1, 2005, has your firm imported small diameter graphite electrodes?

No             Yes--**COMPLETE AND RETURN A U.S. IMPORTERS' QUESTIONNAIRE**

II-10. Since January 1, 2005, has your firm produced large diameter graphite electrodes?

No             Yes--Please describe the differences and similarities between large diameter graphite electrodes and small diameter graphite electrodes with respect to the following factors: (a) **characteristics and uses**--describe the differences and similarities in the physical characteristics and end uses; (b) **interchangeability**--discuss the interchangeability in end use of the two products; (c) **manufacturing processes**--describe the two processes and include a discussion of the interchangeability of production inputs, machinery and equipment, and skilled labor; (d) **channels of distribution**--describe the specific end use/customer requirements and channels of distribution/market situation in which the products are sold; (e) **customer and producer perceptions**--describe any perceived differences in the two products (e.g., sales/marketing practices); and (f) **price**--provide a discussion and specific examples of prices for the two products. Use additional pages as necessary.

For each of the above factors, please indicate whether product comparisons are "fully" comparable or the same, *i.e.*, have no differentiation between them; "mostly" comparable or similar; "somewhat" comparable or similar; "never" or not-at-all comparable or similar; or "no familiarity."

**PART III.--FINANCIAL INFORMATION**

Address questions on this part of the questionnaire to Mary Klir (202-205-3247, mary.klir@usitc.gov).

III-1. Who should be contacted regarding the requested financial information?

Company contact: \_\_\_\_\_  
Name and title

( ) \_\_\_\_\_  
Phone number E-mail address

III-2. Briefly describe your financial accounting system.

A. When does your fiscal year end (month and day)? \_\_\_\_\_  
If your fiscal year changed during the period examined, explain below:

B.1. Describe the lowest level of operations (e.g., plant, division, company-wide) for which financial statements are prepared that include subject merchandise:

2. Does your firm prepare profit/loss statements for the subject merchandise:  
 Yes  No

3. How often did your firm (or parent company) prepare financial statements (including annual reports, 10Ks)? Please check relevant items below.  
 Audited,  unaudited,  annual reports,  10Ks,  10 Qs,  
 Monthly,  quarterly,  semi-annually,  annually

4. Accounting basis:  GAAP,  cash,  tax, or  other comprehensive (specify) \_\_\_\_\_

*Note: The Commission may request that your company submit copies of its financial statements, including internal profit-and-loss statements for the division or product group that includes small diameter graphite electrodes and/or large diameter graphite electrodes, as well as those statements and worksheets used to compile data for your firm's questionnaire response.*

III-3. Briefly describe your cost accounting system (e.g., standard cost, job order cost, etc.).

\_\_\_\_\_

III-6. Does your firm receive inputs (raw materials, labor, energy, or any other services) used in the production of small diameter graphite electrodes and/or large diameter graphite electrodes from any related firm?

Yes—Continue to question III-7 below.       No--Continue to question III-10 below.

III-7. In the space provided below, identify the inputs related to the production of small diameter graphite electrodes and/or large diameter graphite electrodes that your firm receives from related parties whose financial statements are consolidated with the financial statements of your firm. Please specify whether the identified inputs are used in the production of small diameter graphite electrodes or large diameter graphite electrodes.

**PART III.--FINANCIAL INFORMATION--Continued**

III-8. With respect to the related companies identified in response to question III-7 above, are their financial statements consolidated with your firm's financial statements? (In other words, are profits or losses arising from intercompany transactions eliminated?)

Yes—Continue to question III-9 below.       No--Continue to question III-10 below.

III-9. All intercompany profit on inputs purchased from related parties that is eliminated pursuant to formal financial statement consolidation should also be eliminated from the costs reported to the Commission in questions III-11a and III-11b (Operations on small diameter graphite electrodes and operations on large diameter graphite electrodes); i.e., costs reported in question III-11a and III-11b, to the extent that they reflect inputs purchased from related parties, should only reflect the related party's cost and not include an associated profit component. Reasonable methods for determining and eliminating the associated profit on inputs purchased from related parties are acceptable.

Has your firm complied with the Commission's instructions regarding costs associated with inputs purchased from related parties?

Yes       No

III-10. Nonrecurring charges.--For each annual and interim period for which financial results are reported in questions III-11a or III-11b, please indicate in the schedule below the specific nonrecurring charges, the particular expense/cost line items from questions III-11a or III-11b where the associated charges are included, a brief description of the charges, and the associated values (*in \$1,000*). Nonrecurring charges would include, but are not limited to, items such as asset write-offs and accelerated depreciation due to restructuring of the company's small diameter graphite electrodes and/or large diameter graphite electrodes operations. Provide data for your three most recently completed fiscal years in chronological order from left to right, and for the specified interim periods.

III-12a. Asset values.--Report the total assets associated with the production, warehousing, and sale of **small diameter graphite electrodes**. If your firm does not maintain some or all of the specific asset data in the normal course of business, please estimate it based upon some rational method (such as production, sales, or costs) that is consistent with your cost allocations in the previous question. Your finished goods inventory value should reconcile with the inventory quantity data reported in Part II. Provide data as of the end of your three most recently completed fiscal years in chronological order from left to right.

**PRICE DATA**

This section requests quarterly quantity and value data on your firm's U.S. shipments of the following products during January 2005-September 2008.

**Product 1.—HP graphite electrodes, 250 mm. (10 inches) nominal diameter x 1,800 mm. (72 inches) nominal length, 3 TPI taper connecting pin.**

**Product 2.— HP graphite electrodes, 300 mm. (12 inches) nominal diameter x 1,800 mm. (72 inches) nominal length, 3 TPI taper connecting pin.**

**Product 3.— UHP graphite electrodes, 250 mm. (10 inches) nominal diameter x 1,800 mm. (72 inches) nominal length, 3 TPI taper connecting pin.**

**Product 4.— UHP graphite electrodes, 350 mm. (14 inches) nominal diameter x 1,800 mm. (72 inches) nominal length, 3 TPI taper connecting pin.**

**Product 5.-- UHP graphite electrodes, 400 mm. (16 inches) nominal diameter x 1,800 mm. (72 inches) nominal length, 3 TPI taper connecting pin.**

**Total dollar values should reflect the *final net* amount paid to you (i.e., should be net of all deductions for discounts or rebates). See instruction booklet.**

**Report quantity in *pounds* and value in *dollars*.**

**Please report separately your sales to end users (in table IV-2) and sales to distributors (in table IV-3).**

**Please report sales on both an f.o.b. and delivered basis.**

**(1) For f.o.b. values:** please note that the total dollar f.o.b. values should be f.o.b., U.S. point of shipment and should *not* include U.S.-inland transportation costs.

**(2) For delivered values:** please note that total dollar delivered values should include delivery to your customers' U.S. facility (i.e., *do* include U.S.-inland transportation costs).
